Department of Public Works  
Office of the Principal Chief Engineer  

Order  
47/44/2011-I/PHD  

Taking care of the women with Gestational Diabetes Mellitus is the first step in the primary prevention of diabetes. Timely action taken in screening all pregnant women for glucose intolerance, achieving euglycemia in them and ensuring adequate nutrition may prevent, in all probability, the vicious cycle of transmitting glucose intolerance from one generation to another. Universal screening for glucose intolerance during pregnancy is most ideal for the population of State of Goa.

Government is therefore pleased to make mandatory screening of pregnant women for
