Now, therefore the Government of Goa is hereby pleased to frame the following Scheme namely:—

1. *Short title and commencement.*— (a) This Scheme may be called "Short Scheme for Mission Rabies".

(b) It shall come into force with effect from the date of enforcement of MOU.

2. *Introduction.*— According to a rough estimate there are around 30,000 stray dogs in this State. A number of them were not cared for and are left either wounded or suffering from various diseases. Government of Goa is concerned about the suffering of stray animals on the streets and has come up with a Scheme

to reduce the suffering of the stray dog population. Unregulated breeding has resulted in large number of sick and starving dogs and puppies on the streets and beaches. The Corporation, Municipalities and Panchayats will work with Mission Rabies, Worldwide Veterinary Services, India in the State to try to scientifically reduce and manage the number of strays by sterilizing them and vaccinating them against Rabies, resulting in control of the stray dog populations as well as protecting them against Rabies. The dogs once vaccinated against Rabies, cases of Rabies in humans will also reduce in the State. The main goal is to improve the welfare of stray dog population through a comprehensive sterilization programme carried out as part of the Animal Birth Control (ABC) scheme, under the Prevention of Cruelty to Animals Act, 1960, and rules made there under.

Mission Rabies, Worldwide Veterinary Service, India have formulated a programme in Goa keeping in mind two main aims i.e. Eradication of Rabies disease and Rabies free Goa. The programme was framed in 2 phases. The Phase I is already completed by them by covering sterilization of 20,414 dogs and vaccinating about 35,500 dogs by utilizing their own funds as said in their reports.

Now, the organization has approached the State Government requesting to extend financial support in Phase II in the form of Grant in Aid (ABC) scheme, under the Prevention of Cruelty to Animals Act, 1960, and rules made there under.

3. *Objectives.*— (a) To ensure that the stray dogs population is under control.

(b) To ensure that these strays are protected against Rabies and will not be carriers of Rabies and spread it to other Animals and Humans.

(c) To ensure the safety of Citizens from Rabies diseases.

(d) To decrease public anxiety and Rabies deaths in Goa.

(e) To boost the Tourism Industry due to reduced Rabies menace in Goa.

(f) To establish accurate canine population demographic and total dog number by utilizing smart phone and GPS Technology.

(g) To eliminate Rabies by strategic and scientific way from State of Goa by 2018.

4. *Eligibility.*— (a) Mission Rabies, Worldwide Veterinary Service, India Authorized by the Animal Welfare Board of India, only eligible to apply.

(b) After the animals are brought to the shelter, they will be vaccinated by a Veterinary Surgeon. 100% grants will also be given towards the payment of the monthly salary of the Veterinary surgeon.
