Department of Transport

Directorate of Transport

Order

D.Tpt/STA/2375/2019/1106

The State Transport Authority in its meeting held on 16-01-2019 has decided to approve following guidelines for APP Taxi Aggregators.

Guidelines for Taxi Operator/Radio Taxis/Rent a Car and Taxi App Aggregators in the State of Goa:

In order to provide effective, efficient and transparent services to the public and tourists visiting the State enabled by new and emerging technologies, State Transport Authority is desirous of introducing guidelines for smooth conduct of the business of Radio taxi and App Aggregator. Any existing or new radio taxi or app based taxi

services shall have to confirm and adhere to these guidelines and permissions will have to be sought from the STA, for operating and managing such services in the State from effective date as may be specified by the Government.

The guidelines are necessitated to keep a watchful eye on abiding of all regulatory & compliance framework with special focus on Standards of Safety, Security & Compliance and to prevent fly by night operators. This was also accentuated by the need to bring aggregators, radio taxi operators and traditional city taxis under a uniform, fair and transparent regulatory framework.

Taxi Owners, Agents, Radio Taxis Operator and Taxi App Aggregator

(Refer:- Report of the Committee constituted by Ministry of Road Transport, Government of India to propose Taxi Policy Guidelines to promote Urban Mobility)

An aggregator is a digital intermediary or market place for a passenger to connect with a driver for the purpose of transportation. The aggregators can aggregate all types of vehicles however they will have to ensure that the vehicle complies with all the regulations. The services can be provided for intra city as well as inter-city operations. The three-wheeler auto-rickshaws can also be brought under aggregation which would offer convenience to the commuters. It is recommended that a suitable service charge/convenience fee may be allowed by transport department to be charged by the aggregators for such service. Taxi owners, Agents and Radio Taxi operators can join Taxi App aggregators as permitted by the guidelines mentioned in this framework. Aggregators, Radio Taxi operators or other Agents should ensure they have received an appropriate license from the Transport Department of the State Government under Section 93 of the Motor Vehicles Act, 1988.

Terms:—

1. *Licensee*:— Any individual or firm or company.

2. *Taxi App System*:— Means a mobile and web based application for hailing of taxis. App under this scheme displays all relevant details of taxi driver/taxi/fare to the passenger.

3. *Aggregator*:— Firm or Company which aggregates different class of taxis under “Taxi App System”.

4. *Agents/Operator*:— Firm or a Company with his own fleet enrolled in “Taxi App System”.

5. *Service Brand*:— Taxi App System Brand provided by Aggregator/Operator

6. *Rent a Cab*:—Means a motor cab holding valid permits and approvals to operate under Rent a cab scheme.

The guidelines defined by State Transport Authority Goa, are based on the recommendations published by Government of India,

Ministry of Road Transport and Highways under the Proposed Taxi Guidelines No. RT 16017/01/2016-T and are summarized hereunder:

1. To reduce delays and to embrace digital technology online grant of the permits is being implemented in Goa. Online conversion of compliant Non Transport vehicles to commercial taxis may be done on payment of requisite charges so as to facilitate use of idle assets.

2. The aggregator may aggregate taxis in the category of AGT (All Goa Tourist), Yellow black taxis and AITP taxis, Yellow Black Motorcycles, Rent a cab, rent a bike etc. These vehicles would have to comply with the fuel specified for the city while operating for aggregators for intra city transport on long term hiring/leasing, for ferrying tourists, local passengers, employees of Government/ /private companies etc.

3. Taxis must comply to the stipulations laid down by the transport department with regard to safety & security of the passengers. The drivers' photo identity along with the registration number of the taxi should be clearly visible to the passengers. The taxis must also have a valid permit, insurance, fitness certificate and PUC at all times. The taxis must also be fitted with STA approved GPS, panic button and other mandatory devices as applicable from time to time.

4. There should be no restrictions on the choice of the operator or aggregators with regard to composition of the fleet, i.e. deluxe and economy.

5. The Taxi APP Aggregators should get the App validated from Standardization Testing and Quality Certification (STQC) or any other agency authorized by Ministry of Electronic and Information Technology (MEITY), Government of India. This report for Taxi App validation shall be submitted along with license application. Any existing GOA State tender initiated App based Taxi Hailing System Aggregator shall submit this report within 6 months from the date of license.

application. Aggregators should take measures including a firewall for the security of the personal data of the passengers.

6. The Operator/Aggregator shall abide to fare charges fixed by Goa State Transport Department from time to time. However, range bound dynamic pricing to be allowed to effectively match demand and supply. Maximum tariff will be permitted as per Government notified rates only. This would ensure adequate supply during peak hours and at night. Alternatively, the aggregators may be asked to provide the minimum fare that would be charged from the customers limit to cap the maximum fare defined by Goa State Transport Department. This would help in meeting the peak load requirements of the taxi users.

7. In order to provide cheaper travel solutions and to reduce the number of cars on road, sharing of seats may be allowed on aggregator based taxis with express consent of the passengers.

8. Operator shall ensure and follow cap on the duty hours of drivers in the interest of road safety and in consonance with labour laws.

9. Operator/Aggregator may also promote bike sharing and e-rickshaws for last mile connectivity.

1. Permission Holders Profile
